

CLEAN AIR
EQUIPMENT PVT. LTD.

Built for Performance

DESIGN, MANUFACTURING AND SERVICE OF AIR DRYERS

- REFRIGERATION AIR DRYERS
- DESICCANT AIR DRYERS
- AIR RECIVER
- AIR CHILLER
- AFTERCOOLER WITH MOISTURE SEPERATOR
- SEAL GAS DRYERS
- HIGH LOW PRESSURE AIR DRYERS
- LINE FILTER
- COMPRESSED AIR SOLITION AND MANY MORE

About Us

Clean Air Equipment Pvt. Ltd. is a forward-thinking company dedicated to delivering high-quality solutions that enhance performance, efficiency, and sustainability. With a strong commitment to innovation and excellence, we design and manufacture products that meet the highest industry standards. Our focus is on creating reliable equipment that ensures cleaner environments and improved operational outcomes for our clients.

Vision

To be a globally recognized leader in compressed air treatment solutions, delivering innovative, sustainable, and high-performance equipment that empowers industries to achieve cleaner, more efficient, and reliable operations.

Mission

- ✓ To design and manufacture world-class air dryers, filters, and allied equipment that meet international standards of quality and performance.
- ✓ To provide customized solutions that address diverse industrial needs with efficiency and reliability.
- ✓ To expand our presence in global markets and actively contribute to government and large-scale infrastructure projects.
- ✓ To foster innovation, sustainability, and customer satisfaction as the cornerstones of our growth.
- ✓ To build long-term partnerships based on trust, integrity, and excellence.

Core Values

At **Clean Air Equipment Pvt. Ltd.**, our values define who we are and guide every decision we make. They reflect our commitment to excellence, innovation, and responsibility in serving our customers and communities.

- ▢ **Integrity** – We conduct business with honesty, transparency, and fairness.
- ▢ **Innovation** – We continuously improve our products and processes to deliver cutting-edge solutions.
- ▢ **Customer Focus** – We prioritize customer satisfaction by providing reliable, efficient, and tailored equipment.
- ▢ **Quality Excellence** – We uphold the highest standards in design, manufacturing, and service.
- ▢ **Sustainability** – We strive to minimize environmental impact and promote cleaner, greener technologies.
- ▢ **Collaboration** – We build long-term partnerships with clients, suppliers, and stakeholders based on trust and mutual growth.
- ▢ **Accountability** – We take responsibility for our commitments and deliver results that exceed expectations.

Quality Policy

At **Clean Air Equipment Pvt. Ltd.**, quality is the foundation of our success. We are committed to delivering products and services that consistently meet or exceed customer expectations and comply with international standards.

Our Quality Policy is built on the following principles:

- 🏆 **Customer Satisfaction** – Ensuring reliable performance and long-term value in every product we deliver.
- 🏆 **Compliance** – Adhering to all applicable industry regulations, safety standards, and statutory requirements.
- 🏆 **Continuous Improvement** – Regularly upgrading our processes, technology, and skills to achieve excellence.
- 🏆 **Innovation & Efficiency** – Designing solutions that optimize energy use, reduce environmental impact, and enhance productivity.
- 🏆 **Employee Responsibility** – Empowering our workforce to uphold quality at every stage of manufacturing and service.
- 🏆 **Global Standards** – Aligning our practices with ISO and other recognized certifications to serve both domestic and international markets.

We pledge to maintain a culture of quality, integrity, and accountability, ensuring that every product leaving our facility is

“Built for Performance.”

Directors & Leadership

At Clean Air Equipment Pvt. Ltd., our leadership team combines decades of industry expertise with a forward-looking vision to drive innovation and excellence.

- **Mr. P. L. Sahu – Director (Sales & Marketing)**

With over 19 years of experience in the air dryer industry, Mr. Sahu has worked across multinational companies and successfully delivered projects across India and abroad. His deep technical knowledge and proven track record in project execution make him a trusted leader in the field. At Clean Air Equipment Pvt. Ltd., he spearheads Sales, Marketing, and Business Development, ensuring that our solutions reach diverse industries with maximum impact.

- **Mr. Yuvraj Raulji – Director (Operations & Finance)**

Representing the new generation of leadership, He holds a B.E. in Mechanical Engineering and an MBA in Operations. With 14 years of experience in heat exchanger manufacturing, production, and operations management, he brings strong expertise in design, planning, and execution. At Clean Air Equipment Pvt. Ltd., he oversees Operations, Finance, Planning, and Manufacturing, ensuring efficiency, quality, and innovation across all processes.

Together, both directors are actively involved in after-sales services, supported by a highly experienced team of service engineers capable of handling all types of compressors and dryer systems. This leadership synergy ensures that Clean Air Equipment Pvt. Ltd. delivers not only world-class products but also reliable support throughout the customer lifecycle.

Organizational Structure

At **Clean Air Equipment Pvt. Ltd.**, our organizational framework is designed to ensure efficiency, accountability, and seamless coordination across all functions. Each department plays a critical role in delivering high-quality products and services to our customers worldwide.

◆ Leadership

• **Directors:**

- Mr. P. L. Sahu – Sales & Marketing
- Mr. Yuvraj Raulji – Operations, Finance & Manufacturing

◆ Core Departments-

Sales & Marketing- Business Development, Domestic & International Sales, Customer Relations

Operations & Manufacturing- Production Planning, Design & Engineering, Quality Control, Supply Chain & Procurement

Finance & Administration- Financial Planning & Budgeting, Accounts & Compliance, HR & Administration

Service & Support- After-Sales Service, Technical Support, Field Service Engineers (specialized in compressors & dryers)

Product Portfolio

At Clean Air Equipment Pvt. Ltd., we specialize in the design and manufacture of advanced compressed air treatment systems and allied equipment. Our product range is engineered to deliver reliability, efficiency, and performance across diverse industrial applications.

Product Range

1. Refrigerated Air Dryers
 - Water-Cooled: 10 to 15,000 CFM
 - Air-Cooled: 10 to 5,000 CFM
2. Desiccant Air Dryers
 - Heatless Type
 - No Loss Split Flow
 - Blower Reactivated
 - Dual Inlet (Hot & Cold)
3. Specialized Dryers
 - Chilled Water Dryer
 - Seal Gas Dryer
 - Heated Purge Type Air Dryer
4. Air Treatment Accessories
 - After Coolers
 - Moisture Separators
 - Auto Drain Valves (Electronic & Bucket Type, Zero Air Loss)
5. Air Receivers
 - MS, CS & SS MOC - Capacity: 0.5 to 15 m³
6. Compressed Air Line Filters - Capacity: 300 to 15,000 CFM

Clients & Partners

Clean Air Equipment Pvt. Ltd. serves a wide range of industries where clean, reliable compressed air systems are critical to operations. Our products are trusted by clients across:

- **Oil & Gas** – Refineries, petrochemical plants, and seal gas applications
- **Power & Energy** – Thermal, hydro, and renewable energy projects
- **Pharmaceuticals & Healthcare** – Cleanroom and sterile manufacturing environments
- **Automotive & Engineering** – Precision manufacturing and assembly lines
- **Food & Beverage** – Hygienic processing and packaging facilities
- **Textiles & Chemicals** – Large-scale industrial production units

We Can successfully delivered projects **pan-India and internationally**,and Eagerly wants to expand as multinational corporations and engineering consultants. Our upcoming focus includes collaborations with government and EPC project authorities such as **Engineers India Limited (EIL), U-STEMP, and other leading project consultants**, ensuring compliance with global standards and large-scale infrastructure requirements.

By combining technical expertise with customer-centric service, we aim to build long-term partnerships that foster mutual growth and success.

As a newly established company, Clean Air Equipment Pvt. Ltd. is focused on building a strong foundation of trust, quality, and innovation. While we are at the beginning of our journey, our leadership team brings together over three decades of combined industry experience in air dryers, heat exchangers, and compressed air systems.

Current Strengths

- Successfully delivering projects pan-India and internationally through prior industry expertise.
- A highly skilled team of service engineers capable of handling all types of compressors and dryer systems.
- Strong technical knowledge in design, manufacturing, and after-sales support.

Future Plans

At Clean Air Equipment Pvt. Ltd., we are committed to continuous growth and innovation. Our roadmap is designed to strengthen our presence in domestic markets while expanding globally.

Strategic Goals

- Global Expansion – Establishing a strong footprint in international markets through exports and partnerships.
- Government & EPC Projects – Actively pursuing opportunities with leading authorities such as Engineers India Limited (EIL), USTEMP, and other major project consultants, contributing to large-scale infrastructure development.
- Technology Advancement – Investing in R&D to develop next-generation air dryers, filters, and heat exchangers that deliver higher efficiency and sustainability.
- Certifications & Compliance – Achieving ISO, CE, and other international certifications to meet global quality standards.
- Sustainability Initiatives – Designing eco-friendly solutions that reduce energy consumption and environmental impact.
- Customer-Centric Growth – Expanding after-sales service networks to ensure reliable support for clients worldwide.

Long-Term Vision

We aim to position Clean Air Equipment Pvt. Ltd. as a trusted global partner in compressed air treatment solutions, recognized for innovation, reliability, and performance.
